2. Reading

Unit 1: Reading-Finding Your Dream Job Contents Reading Practice

It is hard to choose a major.

The top majors in Taiwan are engineering, business, and health.

Many students in Taiwan study one of these subjects.

Some majors make lots of money, and some make less money.

Doctors make the most money.

They make about \$190,000 every year.

Is money important to you?

Maybe it is more important to be happy.

Priests make less money, but they are happy workers.

People like doctors and managers make a lot of money, but the stress is high.
